

Special Caribbean Fujitsu Promotion

Yakidoo is happy to announce the availability of several **NEW** Fujitsu fi-5650C scanners at the special end-of-life pricing of **USD\$2,999**. This is **50%** of the original cost and **50%** of the cost of its replacement (does not include duties, taxes and shipping).

The Fujitsu fi-5650C scanner offers high scan rates and ultra-reliable performance that adapts to almost any situation

- Fast scanning — up to 57 ppm/114 ipm in color and monochrome at 300 dpi
- Dual control panels (fi-5650C) give equal access to left- and right-handed users
- Robust duty cycle of up to 8,000 documents per day
- Ultrasonic double-feed detection ensures accurate scanning
- Enhance productivity with Fujitsu service and support

Speed and reliability ideally suited for production environments.

With high scan rates of up to 57ppm/114 ipm (300 dpi), onboard JPEG compression, and duty cycles of up to 8,000 documents per day, the Fujitsu fi-5650C scanner combines performance and dependability to create outstanding production scanning solutions. The scanner also scans at 71 ppm/142 ipm in landscape orientation and feature an optical resolution of 600 dpi for amazing image detail.

For greater convenience, a rotating ADF or dual control panels allow operation from either side, while dual, high-speed interfaces (Ultra SCSI and USB 2.0) provide easy connectivity. A proven, reliable, 200-page automatic document feeder (ADF) with Ultrasonic double-feed detection that accepts documents ranging from 2.1 in. x 2.9 in. up to 12 in. x 18 in. enhances productivity.

The Fujitsu fi-5650C scanner comes with TWAIN and ISIS® drivers and are also bundled with the full versions of Adobe® Acrobat® 7.0 and ScandAll 21 software. In addition it is certified with Kofax Image Controls and VRS technology.
